

Spring Lake, New Jersey

Cleaver Construction
537 Princess Court
Toms River, New Jersey 08753

Dear Don,

I would be remiss if I did not formally thank you for the fine work you and your organization did in renovating our home in Spring Lake.

From the time we first met to review your bid and the architects plans, there was no doubt you had the vision we needed to renovate (effectively rebuild) our home. Your suggestions for initial modifications, willingness to make changes and suggestions for enhancements as we progressed in the construction along with the reasonableness in costing change orders, must be unparalleled in the construction industry. Nothing was a problem for you.

Listening to other of our friends who have had construction woos, I realize your promptness in completing the project on time, and within cost, is something that is unusual. Also, the respect your sub contractors and suppliers have to you is remarkable.

When a major job such as ours is completed, and we consider you a friend, not a supplier of services or adversary, says a great deal about the kind of person you are.

There is no doubt when we require additional construction work, you will be the first person we will call.

Feel free to use us as a reference any time.

Thanks,

Bob & Ruth McEntee
